PROFESSIONAL EXPERIENCE

Web Designer

Liturgical Publications

Aug 2013 – Current

New Berlin, WI

Worked on a team of two designers and four developers to develop and maintain a full suite of web applications.

Key Accomplishments

- Converted seekandfind.com from Bootstrap to Foundation (*Church / local business directory with ~600k unique views / month*)
- Designed several themes and UIs for weconnect.com, also refactored all themes (~10) to utilize foundation and be responsive (*Content management system geared towards church and non-profit clients with ~500k unique views / month*)

Web Designer

PowerSports Network

Sept 2012 – Aug 2013

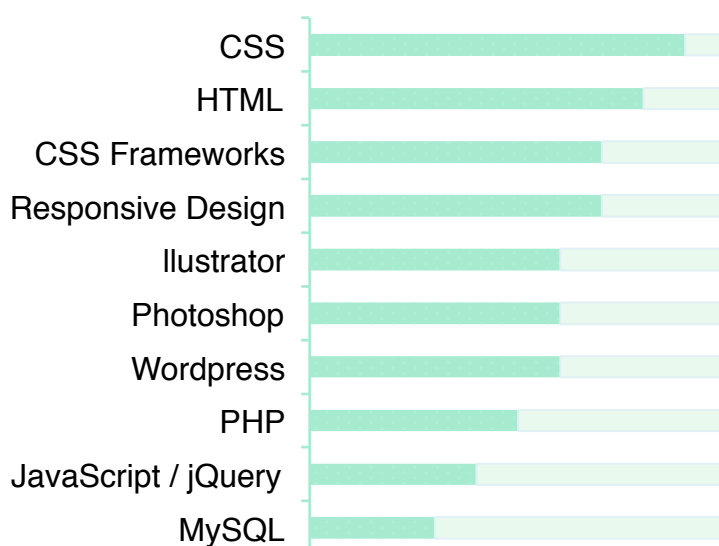

Sussex, WI

Designed and maintained websites for dealerships across the country that carry PowerSport, Marine and Commercial vehicles and equipment.

Key Accomplishments

- Designed, executed changes and maintained over 80 sites
- Integrated new web standards into a legacy application
- Mentored colleagues in the latest standards for HTML and CSS

PROFESSIONAL SKILLS

- Experience working in a LAMP stack environment
- Experience using SVN for version control
